COMPLETE YOUR QUALIFICATION AT OUR ACCREDITED EISA ASSESSMENT CENTRE

Liderazgo Skills Development is proud to be a QCTO-accredited Assessment Centre, offering External Integrated Summative Assessments (EISA) for selected occupational qualifications.

Our assessment centres in Johannesburg and Durban provide a professional, supportive environment where learners can complete the final assessment required to achieve their nationally recognised occupational qualification. From pre-assessment guidance to the assessment itself, our experienced team is committed to making the process as smooth and efficient as possible.

EISA Qualifications Available

- Occupational Certificate: Truck Driver
- Occupational Certificate: Training and Development Practitioner
- Occupational Certificate: Transport Clerk (coming soon)

We also offer group bookings for organisations and Skills Development Providers (SDPs), making it easier to certify multiple learners through one trusted assessment centre.

PRACTICAL PHASE UNDERWAY – QCTO TRUCK DRIVER QUALIFICATION

Book Your QCTO Truck Driver Qualification With Us Today!

Following our successful partnership with MPower to equip the next generation of South Africa's truck drivers, we are proud to be in the practical training phase of our QCTO Truck Driver Qualification.

With experienced facilitators guiding each learner group, dedicated administrative support, and a committed Quality Department led by Thando Nyembe, we continue to deliver training that develops competent, confident, and safety-conscious professional truck drivers.

Whether you're looking to invest in your employees' skills or transform new recruits into qualified, competitive truck drivers, we're ready to partner with you.

Get in touch with our Operational Manager, Rosemary Monyane, or our Quality Manager, Thando Nyembe, to discuss your training needs and secure your booking.

Together, we're doing more than delivering skills development, we're shaping the future of South Africa's roads, one qualified truck driver at a time
